Burlington is home to a thriving traditional fiddling community. The folk violin is present in most cultures and is used to perform a common repertoire of traditional dance melodies which are loosely called “fiddle tunes.” These tunes are also played on other instruments and are performed at informal gatherings called “sessions.” Our commonly played local repertoire is the legacy of Vermont’s immigrant groups. It is also assembled, adapted and contributed to by local musicians.

Since we are preparing musicians to participate in their shared culture, here are some extremely common tunes of local importance which will be useful for students. To understand how and why these tunes are performed locally, students should learn under the guidance of local master musicians. As a supplement to this in-person learning process, the LE books include sheet music and backup tracks for three groups of commonly played tunes.

- LE1 “Extremely Easy” Tunes
- LE2 “Easy” Tunes
- LE3 “Moderate” Tunes

These charts are intended to give a student general familiarity with the tunes. Actual performance in groups and at dances may vary significantly from what is printed here. In addition to the fiddle books, separate books are available giving fingerings, transpositions and other technical info for mandolin, guitar and Bb Horn.

## This Book

Tunes in the LE1 “Extremely Easy” Tunes book are simplistic versions for developing technique. They are great to play but you should remember that an experienced musician would play a more elaborate version of the melody.

Verse:

Had a little dog, and she hadn't any sense,  
The darn little fool kept barking at the fence.

Had an old horse, her name was Ball,  
Hitched her up but she wouldn't pull at all.

Fire in the mountain, fun, boys, fun,  
Cat's in the cream jug, run, gals, run.

Hogs in the 'tater patch, that I know,  
Cows in the cornfield told me so.

Chorus:

D                    A7                    D                    A7

1. J'irai la voir un jour  
Au ciel dans ma patrie.  
Oui, j'irai voir Marie,  
Ma joie et mon amour.

**Au ciel, au ciel, au ciel,**  
**J'irai la voir un jour.**

J'irai m'unir aux anges,  
Pour chanter ses louanges,  
Et pour former sa cour.

3. J'irai la voir un jour,  
Cette vierge si belle.  
Bientôt j'irai près d'elle,  
Lui dire mon amour.

Recevoir ma couronne,  
Dans l'éternel séjour.

#### The Dance:

Jump while holding hands with your partner.

Nod.

Shake.

Tap.

Then do a two-hands circle until you sing  
"Find another partner".

Drop your partner's hands and quickly find another  
partner and repeat the dance.

End with groups of four, then one big circle

#### Caveat:

This song arises from the American "minstrel" tradition.  
It is presented here in hopes that it has transcended its  
negative association with racial stereotypes.

## IN D MAJOR

This is part of a song family with many versions. This is the essential melody of the song.  
Most fiddle versions are entirely unlike this version.  
This is also the basis for a common traditional family dance with specific lyrics and moves.  
C is a common key for singers/callers.

**A** II D A<sup>7</sup> D

**B** D A<sup>7</sup> D

I view this as an outstanding melody to introduce syncopation, pentatonics, blues notes etc.  
The "Shortning Bread" words (James Whitcomb Riley, 1900) are fairly  
offensive minstrel style lyrics so you probably don't need to sing them. Seriously, just don't!
